Dear Harold;

Your last letters and carbons really tell the story. I hope the media will give the hearings enough attention to make the committe straighten out. You and Jim seem to be carrying a greater load than ever.

No news from Wallace. I guesss this time of the year is difficult to get anyones attention.

I don't know if any of the clippings will be of any value to you but sent them along any way. I hope the tape of Lane I made off our local public T.V. station KCET, reaches you in good shape. I think I mentioned to you that I missed the first 10 Mins.

Please give my best to Lil and Jim.

Best,

P.S. the story about Gabor in school Leda is very interesting.

P
